Sciarpe: Passion Hand dyed Scarf

Description

Light, warm and resistant, organic GOTS certified wool is an ethical and beautiful material that we use to create unique hand dyed accessories. Through water and color the fabric is dyed, then laid out to air dry and then dyed up to seven or eight times. The thread used for these pieces is made of peace silk, which takes the color of the rest of the foulard, scarf or shawl during the dying process. The result is a work of art that you can wear. With this item you will receive a hand-crafted bag with the brand's logo and a leaflet that talks about the work and philosophy of Bettina Buttgen.
